

# DÉCOR & MORE!

---

Select a **THEME** to enhance your event atmosphere by using fabrics, accents & décor on your seating and/or buffet tables. You & your guests will have an affair that you will all remember and for more than just the food!!  
Here are some of our thoughts...

## **GARDEN PARTY**

Garden parties can be sophisticated or casual, but the focus is always on the beauty of nature. A table covered in moss, a variety of fresh flowers and accented with glass will bring the feeling of the outdoors inside anytime of the year.

## **FRENCH COUNTRY MARKET**

Enjoy fine gourmet cooking with a touch of France. Displays of breads, wine & cheese add the elegance and sophistication of France to any event. Creating the ambiance of a French Country table at your next feast begins by taking a "stroll through the Provence".

## **THE ORIENT**

Be inspired by simple and chic designs. The passion presented by the colors of red and black, bamboo, Asian artifacts and plant life will bring the feel of the orient to your event.

## **AFRICAN SAFARI**

The very name calls to mind images of expansive savannahs, breath taking landscapes, magnificent animals and proud ancestral tribes. African artifacts, earthy tones of black, orange and yellow that are exhilarating and profound.

## **HARVEST MOON**

Enjoy an old-fashioned fall festival. Bring nature's bounty home with a display of wheat and corn, pumpkins, ornamental gourds, and apple baskets. The red, yellow and orange colours and shades of brown add richness to any event.

## **MEXICAN FIESTA**

Encounter the rich culture and heritage of Mexico as you enjoy mouth-watering edibles, a colourful marketplace with swirling vivid colours amidst music and laughter.

## **BACK TO THE 70'S**

Let us take you back to a time when the music was hot and the look hotter. Relive the 70's era with disco lights, lava lamps, and amazing vivid colors.

## **JAMMIN IN THE CARIBBEAN**

Plan a visit to a hot, tropical climate with a riot of color, and exquisite natural beauty. Forget airfare and reservations, they're unnecessary.
